FHS QR CODES

In an effort to increase the ability to access information from Fowlerville High School (and to make us more Tech savvy!!), the high school has created QR codes for information about FHS. Please use your smart phone to scan the codes to access information. If you have a smart phone, but do not have a scanning app, please download one (they are free) to your phone and then scan the codes below. You only have to scan the code once to access the site, if you then bookmark/favorite the webpage on your phone. You can then go back to the site to keep current on the information.

Thank you again for your support and Happy Scanning!!   FHS Staff
